From the Start, runners go clockwise, against traffic. Just after the 2 Mile mark they turn left at Benson, then left again to run on the street in the parking lot, moving to the Indian Creek Trail at Grandview. They then go to just west of Pflumm, and return to the northeast from the TURN AROUND. They stay to the right to stay on the trail, taking the first drive east of Founders Park to return west on Indian Creek Parkway, turning left into the Finish just east of the Morton Salt Building. Runners have entire use of all streets and paths.
